

Early Career Development Programme

Bishop Challoner Training School Alliance are working with Best Practice Network to deliver the Early Career Development Programme

A 2-year fully-funded induction programme for Early Career Teachers and their Mentors, delivering the Department for Education's Early Career Framework reforms.

Learn more about the programme: www.bestpracticenet.co.uk/early-career-framework

Registering your school

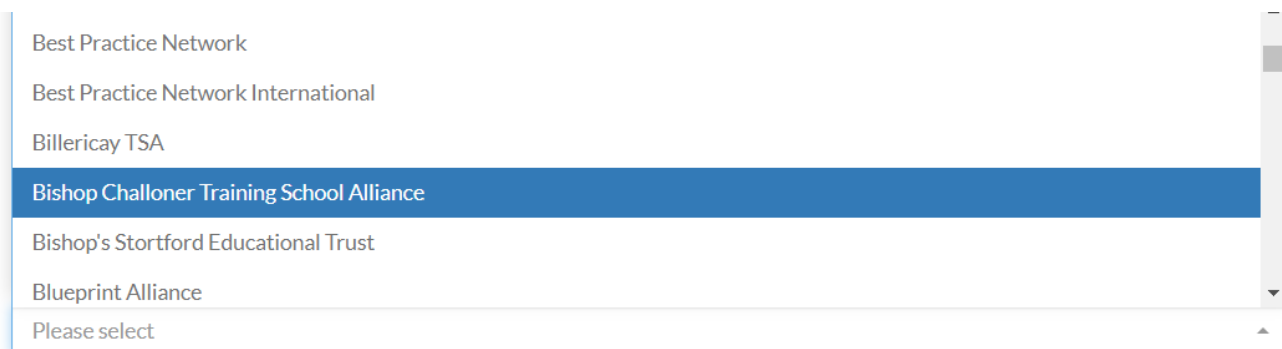

The registration process is twofold: schools must register their school with Best Practice Network and then separately with the Department of Education.

1. Register with Best Practice Network

Go to: www.bestpracticenet.co.uk/early-career-framework. Select '**Next Steps**' and then '**Register**'.

You will be taken to the ECF Application Form which only takes minutes to complete and requires some basic information about your school and an estimate of the number of early career teachers and early career mentors you expect to be supporting.

When asked if you were directed here by a local Teaching School Hub, Multi-School Organisation or training partner, please select '**Bishop Challoner Training School Alliance**' from the dropdown box.

2. Register School on DfE portal

All schools should have been contacted by the DfE with a link to the Early Career Framework Portal: <https://manage-training-for-early-career-teachers.education.gov.uk>

Schools will need to select that they wish to deliver Early Career Framework support through Best Practice Network as part of a Full Induction Programme (FIP) and nominate a school induction tutor.

Once schools have registered with both Best Practice Network and the DfE, Best Practice Network will then contact you to confirm teacher/mentor numbers and training dates.
