

PRIMARY SCIENCE CPD FOR YOUR SCHOOL

We are offering the opportunity for schools in Herefordshire to receive half a day of science CPD on your schools INSET day(s) or 2 hour twilight sessions with our facilitator, Gill Fair.

- Raising quality of questions
- Working Scientifically
- Assessment

**These sessions would
cost £350**

Gill will be available to support local schools in Herefordshire by facilitating network meetings, online meetings and other bespoke courses. Teacher Release Payments of £200 are also available to be reimbursed to schools. This is a limited opportunity for a number of schools, making the cost of the CPD only £150.

For more information, please email sciencepartnership@bishophcalloner.bham.sch.uk

Gill is an experienced classroom practitioner and works throughout the primary phase.

Gill's passion is to help primary teachers become confident and enthusiastic, so that they are enabled to teach primary science through practical activities whilst covering all aspects of the National Curriculum.

Gill's strengths and expertise lie in inspiring and motivating teachers, to capture the children's natural curiosity and develop their questioning minds. This has led to excellent progress and raised the level of attainment across the schools she has worked with.
