

Teacher Subject Specialism Training

Secondary Mathematics

This training is **FREE** of charge as it is funded by the DfE

The purpose of TSST is to:

- improve the subject knowledge of non-specialist teachers and returning teachers
- increase the number of hours taught in these subjects

Maths TSST is specifically for:

- non-specialist teachers who could potentially teach Maths
- non-specialist teachers who are currently teaching Maths
- non-specialist supply teachers without a contract
- academy teachers without QTS
- primary teachers looking to convert to secondary
- teachers looking to return to the profession
